FLORIDA GATEWAY COLLEGE

Welcome to BSC2011C - Biology (*4 credits*)

Ashlee Johnson, Assistant Professor of Biology

Course Schedule

Days and Time: Online in Canvas
Location: Asynchronous Online

About the Course

This is an asynchronous, fully online course that has four units. Each unit covers specific chapters of the book and end with an exam. As part of the coursework for this class, you are required to complete a lab component, which is conducted through Connect. On this homepage, you'll see the layout and expectations for each module.

If you have any questions at any point during the class, please feel free to reach out to me! My contact information is found in the syllabus and the Instructor Bio within the START HERE! module.

Good luck, and let's have some fun learning biology!
