BSC 2011C 0I2 - General Biology II with Lab

Term: Fall Term 2026, Session B8
Location: Online
Days/Times: Asynchronous Online

Instructor Information

Instructor: Ashlee Johnson
Email: Ashlee.Johnson@fgc.edu
Phone: 386-754-4258
Office: Building 9, Room 226
Office Hours: See Canvas
Virtual Office Hours: See Canvas
Virtual Office Link: See Link in Canvas

Course Information

Course Description: This course is a continuation of BSC 2010C that familiarizes the students with the diversity of organisms, comparative plant and animal physiology, introduction to anatomy, developmental biology, population biology, ecology, and applications to clinical sciences. Course includes a lab component.
Credit Hours: 4
Prerequisites: BSC 2010C with a grade of C or better.
General Education: Group 1 Science
Requirements Met: AATR, GE

Required Textbooks / Learning Resources

S. Mader & M. Windelspecht. *Biology*, McGraw Hill, 2024 (14th). ISBN: 978-1-264-85163-8

Learning Outcomes

General Learning Outcomes

Scientific Reasoning: Students will apply empirical methods and experimentation to investigate, analyze, and explain scientific concepts.

Course Learning Outcomes

By the end of the course, students will be able to:

- Demonstrate the ability to identify and evaluate scientific information based on models and methodology to evaluate information on biological phenomena
- Demonstrate and apply the scientific method to identify an issue for experimentation/ research and be able to evaluate, draw inferences, and recognize limitations of models to develop ideas for an original product
- Demonstrate an understanding of proper lab techniques including the proper use of equipment and materials to facilitate an understanding of principles in biology
- Analyze the data by applying scientific quantitative methods to biological phenomena
- Interpret, draw conclusion and recognize limitations from scientific models such as formulas, graphs, tables, and schematics
- Demonstrate and apply knowledge of the major concepts in Biology and integrate the information into a structured understanding and awareness of biological processes and the effect on society

Additional Outcomes

Critical Dates

Below are important dates for you to reference as you progress through the semester.

Date	Event
February 8-10	Add/Drop period for Spring B12
December 10	Spring H classes begin
February 8	Spring B12 classes begin
February 19	Deadline for student-initiated withdrawals - A8
February 22	Spring B10 classes begin
March 8-10	Add/Drop for Spring B8
March 19-26	Spring Break
April 9	Deadline for student-initiated withdrawals - A16
April 16	Deadline for student-initiated withdrawals - B12
April 19	Deadline for student-initiated withdrawals - B10
January 11	Spring A16, A8 classes begin
January 11-13	Add/Drop period for Spring A8
January 11-15	Add/Drop period for Spring A16
December 30	Deadline for student-initiated withdrawals - H
January 6	Spring H classes end
January 18	Martin Luther King, Jr. Day
February 15	President's Day
February 22-24	Add/Drop Period for Spring B10
March 8	Spring B classes begin
April 23	Deadline for student-initiated withdrawals - B8
December 10-14	Add/Drop period for Spring H
March 5	Spring A8 classes end
May 5	Spring A16, B12, B10, B8 classes end

Note: Dates are subject to change. Refer to the **Florida Gateway College Academic Calendar (https://www.fgc.edu/students/academic-calendar.html)** if you have any questions.

Course Calendar

The following schedule outlines the dates and assignments associated with each week/module. The instructor reserves the right to make adjustments as needed.

No.	Dates	Coursework
START HERE	10/12 - 10/18	• **Welcome Video Quiz:** Watch Video about the course expectations and answer embedded quiz questions. • **Course Introduction Discussion:** Introduce yourself to the class. Respond to two peers. • **Honorlock Practice Quiz:** Take a quiz using the exam settings in Honorlock.
Module 1	10/12 - 10/18	• **Read Chapter 20:** Viruses, Bacteria, and Archaea • **Watch Lecture:** Watch the lecture for Chapter 20. • **Unit Homework:** Answer questions based materials found in Chapter 20 - 22. • **Lab:** Interactive lab to be completed in Connect.
Module 2	10/12 - 10/18	• **Read Chapter 21:** Protist Evolution and Diversity • **Read Chapter 22:** Fungi Evolution and Diversity • **Watch Lecture:** Watch the lecture for Chapter 21 & 22 • **Unit Homework:** Answer questions based materials found in Chapter 20 - 22. • **Lab:** Interactive lab to be completed in Connect. • **Unit Exam 1**
Module 3	10/19 - 10/25	• **Read Chapter 23:** Plant Evolution and Diversity • **Read Chapter 24:** Flowering Plants: Structure and Organization • **Watch Lecture:** Watch the lecture for Chapter 23 & 24. • **Unit Homework:** Answer questions based materials found in Chapter 23 - 27. • **Lab:** Interactive lab to be completed in Connect. • **Unit Exam 1**: Chapters 20 - 22
Module 4	10/19 - 10/25	• **Read Chapter 25:** Flowering Plants: Nutrition and Transport • **Watch Lecture:** Watch the lecture for Chapter 25. • **Unit Homework:** Answer questions based materials found in Chapter 23 - 27. • **Lab:** Interactive lab to be completed in Connect.
Module 5	10/19 - 10/25	• **Read Chapter 26:** Flowering Plants: Control of Growth Responses • **Read Chapter 27:** Flowering Plants: Reproduction • **Watch Lecture:** Watch the lecture for Chapter 26 & 27. • **Unit Homework:** Answer questions based materials found in Chapter 23 - 27. • **Lab:** Interactive lab to be completed in Connect. • **Unit 2 Exam**
Module 6	10/26 - 11/1	• **Read Chapter 28:** Invertebrate Evolution • **Read Chapter 29:** Vertebrate Evolution • **Read Chapter 30:** Human Evolution • **Watch Lecture:** Watch the lecture for Chapter 28-30. • **Unit Homework:** Answer questions based materials found in Chapter 28 - 30. • **Lab:** Interactive lab to be completed in Connect. • **Unit Exam 2**: Chapters 23 - 27
Module 7	11/2 - 11/8	• **Read Chapter 31:** Animal Organization and Homeostasis • **Read Chapter 32:** Circulation and Cardiovascular Systems • **Watch Lecture:** Watch the lecture for Chapter 31 & 32. • **Unit Homework:** Answer questions based materials found in Chapter 31 - 34. • **Lab:** Interactive lab to be completed in Connect. • **Unit Exam 3**: Chapters 28 - 30
Module 8	11/2 - 11/8	• **Read Chapter 33:** The Lymphatic and Immune Systems • **Read Chapter 34:** Digestive Sestems and Nutrition • **Watch Lecture:** Watch the lecture for Chapter 33 & 34. • **Unit Homework:** Answer questions based materials found in Chapter 31 - 34. • **Lab:** Interactive lab to be completed in Connect.
Module 9	11/9 - 11/15	• **Read Chapter 35:** Respiratory Systems • **Read Chapter 36:** Body Fluid Regulation and Excretory Systems • **Watch Lecture:** Watch the lecture for Chapter 35 & 36. • **Unit Homework:** Answer questions based materials found in Chapter 35 - 38. • **Lab:** Interactive lab to be completed in Connect.
Module 10	11/9 - 11/15	• **Read Chapter 37:** Neurons and Nervous Systems • **Read Chapter 38:** Sense Organs • **Watch Lecture:** Watch the lecture for Chapter 37 & 38. • **Unit Homework:** Answer questions based materials found in Chapter 35 - 38. • **Lab:** Interactive lab to be completed in Connect.
Module 11	11/16 - 11/22	• **Read Chapter 39:** Locomotion adn Support Systems • **Read Chapter 40:** Hormones and Endocrine Systems • **Watch Lecture:** Watch the lecture for Chapter 39 & 40. • **Unit Homework:** Answer questions based materials found in Chapter 39 - 43. • **Lab:** Interactive lab to be completed in Connect.
Module 12	11/16 - 11/22	• **Read Chapter 41:** Reproductive Systems • **Read Chapter 42:** Animal Development and Aging • **Read Chapter 43:** Animal Behavior • **Watch Lecture:** Watch the lecture for Chapter 41-43. • **Unit Homework:** Answer questions based materials found in Chapter 39 - 43. • **Lab:** Interactive lab to be completed in Connect.
Module 13	11/23 - 11/29	• **Read Chapter 44:** Population Ecology • **Read Chapter 45:** Community and Ecosystem Ecology • **Watch Lecture:** Watch the lecture for Chapter 44 & 45. • **Unit Homework:** Answer questions based materials found in Chapter 44 - 47. • **Lab:** Interactive lab to be completed in Connect. • **Unit Exam 4**: Chapters 31 - 43
Module 14	11/23 - 11/29	• **Read Chapter 46:** Major Ecosystems of the Biosphere • **Read Chapter 47:** Conservation of Biodiversity • **Watch Lecture:** Watch the lecture for Chapter 46 & 47. • **Unit Homework:** Answer questions based materials found in Chapter 44 - 47. • **Lab:** Interactive lab to be completed in Connect.
Module 15 & 16	11/30 - 12/4	• **Unit Exam 5:** Chapters 44 - 47 • **Final Exam:** Chapters 20 - 47

Course Policies

The following policies outline student expectations and responsibilities specific to this course.

Attendance and Participation

Regular attendance and active participation are required for success in this course. Because this is an online course, attendance is measured by consistent engagement in Canvas and completion of required course activities. Students are expected to log into Canvas at least four days per week, review materials posted in the weekly modules, complete assignments by the posted deadlines, participate in required discussions, and respond to communication from the instructor.

Excessive lack of participation may negatively affect your overall grade. Three to four absences or weeks of limited participation may result in a deduction to the final course grade, including a possible drop in letter grade. Five or more absences or extended lack of participation may result in a final grade of F.

Late Work

Late work will not be accepted. All assignments must be submitted by the posted due date and time, unless an exception has been granted by the instructor. Exceptions may only be considered for serious, life-altering circumstances beyond the student's control. If such a situation occurs, students must contact the instructor as soon as possible and provide appropriate documentation. Submission of documentation does not automatically guarantee that late work will be accepted or that an absence will be excused.

Technical issues, temporary internet disruptions, work schedules, failure to obtain course materials, or waiting until the last minute to complete assignments are not considered automatic reasons for an extension. Students are strongly encouraged to work ahead whenever possible to avoid problems caused by unexpected technical difficulties or scheduling conflicts.

All work is due by 11:59 p.m. on the posted due date unless otherwise stated in Canvas. Available assignments may be submitted early.

Communication, Courtesy, and Student Conduct

Students are expected to communicate with the instructor and classmates in a professional, respectful, and appropriate manner at all times. This expectation applies to email, Canvas messages, discussion boards, assignments, quizzes, exams, and any other form of course communication.

All written communication should use clear, appropriate college-level English. Students should avoid texting language, slang, and informal abbreviations in academic communication. When participating in discussions or other class interactions, students should be mindful of tone and should respond respectfully, even when disagreeing with another person's ideas.

Because this is an online course, proper netiquette is especially important. Students are expected to contribute to a positive learning environment by being courteous, respectful, and academically honest. Plagiarism, cheating, copying another student's work, using unauthorized resources, or submitting work that is not your own violates the expectations of this course and may result in academic penalties according to college policy.

Additional Student Responsibilities

Students are responsible for obtaining all required course materials in a timely manner. This includes access to the textbook, McGraw Hill Connect, and any other required course resources. Failure to purchase or access required materials by the appropriate deadlines does not excuse missed assignments.

Students are expected to read all course announcements, follow the weekly Canvas modules, complete all required readings and assignments, and monitor due dates carefully. The Canvas "To Do" list may not show every required task in the correct order, so students should use the weekly modules as the primary guide for the course.

Attendance and participation are mandatory. Students are also responsible for ensuring that all work is submitted correctly and on time. It is the student's responsibility to confirm that assignments have been successfully submitted in Canvas or the required course platform.

Grading Policies

Coursework — 20%

- Each unit will include a **Homework** assignment that must be completed through McGraw Hill Connect. Students are required to purchase and register for McGraw Hill Connect in order to complete these assignments. Students are encouraged to work on homework throughout each unit as the material is covered. Unit homework assignments are due the day before the associated unit exam opens.
- Each unit will also include a **Quiz**. These quizzes are intended to help students review and prepare for the unit exams. Unit quizzes should be accessed through Canvas and are typically due on Sunday of the week in which the chapter is covered, unless otherwise stated in Canvas.
- Each unit will include a **Discussion** assignment. To earn full credit, students must submit their own discussion post according to the propmt and meaningfully respond to at least two classmates. Responses should add to the conversation and demonstrate thoughtful engagement with the topic.

Labs — 10%

- Lab assignments will be completed through McGraw Hill Connect and accessed through Canvas. Students are required to purchase and register in Connect in order to participate in these labs. Students should complete labs by the posted deadlines and should not wait until the last minute, as technical issues or delays with access may prevent successful completion.

Project — 15%

- A project will be assigned during the final unitof the course. The project will consist of a PowerPoint presentation detailing your ecosystem conservation plan.

Unit Exams — 40%

- Unit exams will be administered through Canvas during the semester. Exams are timed and require Honorlock remote proctoring unless other approved testing arrangements have been made. Students are responsible for reviewing and following all Honorlock testing rules posted in Canvas. This includes ensuring that their computer, webcam, internet connection, testing environment, and identification are ready before beginning the exam.
- No makeup exams will be given. However, the lowest unit exam grade will be dropped at the end of the semester.

Final Exam — 15%

- A cumulative final exam will be administered during the final week of the course. The final exam will be completed in Canvas and requires Honorlock remote proctoring unless other approved testing arrangements have been made. The final exam is required and will not be dropped.

Honorlock Testing Instructions

1. Before Your Exam

Technical Requirements

- **Computer:** A desktop or laptop running Windows or macOS. Tablets and iPads are not permitted as your primary testing device.
- **Browser:** Google Chrome with the Honorlock extension installed.
- **Internet:** A stable, reliable connection. Wireless is acceptable; wired is preferred.
- **Front camera:** Your laptop's built-in webcam serves as your primary camera.
- **Side camera:** An external USB webcam or your cell phone positioned 3 to 4 feet to your side at a 90° angle. A tripod, gooseneck mount, or sturdy surface is required to hold it in place.
- **Microphone:** Built into most webcams and laptops and must be turned on.

Note: *Honorlock does not support iPads, Amcrest cameras, or Nexigo cameras as external webcams. If you are unsure whether your equipment is compatible, contact your instructor before exam day.*

Room and Workspace Setup

1. **Find a quiet, private space** where you can be completely alone for the entire exam. No one may enter the room while you are testing.
2. **Sit at a desk, table, or countertop.** Do not take the exam on a couch, bed, or the floor.
3. **Clear your desk** of everything except:
    - Your computer and charger
    - Any materials your instructor has specifically approved (see your syllabus)
4. **Put away all prohibited items:** phone (unless using as side camera), smart watch, earbuds, notebooks, and any unapproved electronics. There cannot be any other additional computer screens (turned on or off) near the workspace.
5. **Ensure the room is well lit,** especially your face. Avoid sitting with a bright window behind you. Do not wear a hat.

Side Camera Placement

Your side camera must be set up and running before you launch the exam. Follow these steps:

6. Place your external webcam or cell phone **3 to 4 feet directly to your side.**
7. Mount it on a **tripod, gooseneck, or stable surface** at approximately desk height.
8. Angle it so the camera captures your **profile (nose, one eye, part of your mouth), hands, keyboard, and screen** simultaneously.
9. When you launch the exam, Honorlock will display an **on-screen overlay** to help you confirm the framing. Switch the overlay to match whichever side your camera is on.
10. **Test your setup before exam day** by opening your camera preview and verifying the view.

System Settings

- **Turn off Bluetooth** on your computer before launching the exam.
- **iPhone + Mac users:** Disable Apple Handoff in System Settings > General > AirDrop & Handoff. Honorlock flags this automatically and it will result in a zero.

2. Launching the Exam

11. Log in to Canvas and navigate to your course.
12. Click the Honorlock link. Honorlock will launch automatically in Chrome.
13. Complete the **identity verification** step: you will be prompted to take a photo of your government-issued photo ID and a photo of your face.
14. Complete the **Workspace Scan:** use your smartphone to scan the QR code on your screen, step back, scan a second QR code, and take a wide-angle photo of your workspace. Once approved, you must also perform a **full video room scan**. Pick up your phone or external webcam and slowly rotate it to show all areas around your desk, including behind you, to both sides, and above your workspace. Once both the photo and room scan are complete, if you are **not** using your phone as your side camera, put it completely out of reach before the exam begins. If you **are** using your phone as the side camera, reposition it back in place after the scan is complete.

No smartphone? *Select the option to submit a webcam room scan instead. You will not be blocked from the exam.*

15. Set up your **side camera** using the Honorlock overlay, then confirm your front camera. Both feeds must be live before the exam begins.
16. Once both cameras are confirmed, the exam will open. **The clock starts when the exam opens.**

3. During the Exam

- **Stay on screen.** Do not leave the camera's view at any point during the exam.
- **Stay in the browser.** Do not open other tabs, applications, or programs unless your instructor has explicitly permitted it.
- **No talking.** Honorlock monitors audio throughout the exam.
- **Allowed materials** vary by course and exam. Check your syllabus or exam instructions for what your instructor has approved.
- **Technical issues:** If Honorlock freezes or your camera drops, do not close the browser. Contact Honorlock support directly at **honorlock.com/support** or use the chat feature within the exam, then notify your instructor immediately after.

4. Submitting the Exam

17. When finished, click **Submit**. Do not close the browser tab before submitting.
18. Immediately upload a pdf file of your work before closing the exam. Your instructor will provide instructions on where you should upload your work in Canvas.
19. Once your submission is confirmed, Honorlock will close automatically.

Warning: Closing Honorlock before submitting your exam may result in a zero. Always submit first.

5. Academic Integrity

All exams proctored through Honorlock are subject to Florida Gateway College's Academic Integrity Policy. Honorlock recordings are reviewed and any flagged activity will be reported to your instructor. Violations may result in a zero on the exam and additional academic sanctions.

By launching the exam, you confirm that you are the enrolled student, that you are working independently, and that you have read and understood these instructions.

Florida Gateway College Policies and Statements

The following contains college-mandated statements, policies, and resource information.

The Library

The **Wilson S. Rivers Library** (https://www.fgc.edu/academics/library/) is located in Building 200 and also includes millions of e-books and articles. The library has more than 70 computers with 50 pages daily of free black-and-white or color printing for students. There are also small and large study rooms available for two hours at a time. Click the link above for more information. Librarians are available to assist with research help, and there are **helpful videos on library searching and citation help** (https://www.fgc.edu/academics/library/research-help-and-guides/) .

Phone: 386-754-4401
Email: library@fgc.edu (mailto:library@fgc.edu)
Ask-A-Librarian (https://askalibrarian.org/local.php?LibraryName=Florida%20Gateway%20College&DepartmentNumber=22852) text and chat

Fall & Spring Semester Library Hours
Monday – Thursday: 7:30am – 7:30pm
Friday: 9:00am – 4:30pm
Saturday & Sunday: CLOSED

Summer Semester Library
Monday – Thursday: 7:30am – 6:30pm
Friday, Saturday, & Sunday: CLOSED

EAB Navigate

The SSC initiates student progress reports to the entire campus through EAB Navigate. EAB Navigate is an early-alert tool designed to identify students who may be susceptible to falling behind in their course before they actually do.

Twice during the semester, we provide instructors with the opportunity to ALERT students of their course progress. This is done through the FGC Wolves email account. Students may receive an email stating their success may be at risk in a specific course. If you receive this email, DO NOT PANIC. Please contact your instructor directly, your academic advisor, and the SSC. Your instructor's information is provided in the email.

Navigate Student is a mobile app designed to support students during their academic careers at FGC. Navigate Student is the ultimate student resource that acts as a personal advisor and provides students with the information they need, when they need it. Additionally, students may make an appointment with an advisor, view campus events, be alerted on important to-do's, view class schedules, explore their major, and much more.

Please do not allow yourself to struggle. We are here to help you achieve success. The mission of the SSC is to help encourage and promote your educational journey here at FGC and beyond.

Class Recording

A student shall not make a recording in class unless the recording is limited to the class lecture, and

1. the recording is made for the student's personal educational use,
2. in connection with a complaint to the college, or
3. as evidence in or preparation for a criminal or civil proceeding.

Students are not permitted to record in class, through any means over any medium, any academic or other activity that is not a class lecture. A recording of any meeting or conversation between students, or between students and faculty, is strictly prohibited unless all parties have consented to such recording. A recording of a class lecture may not be published without the prior express written consent of the recorded faculty member.

Student Success Center (SSC)

The Student Success Center (SSC) is located in Building 008. The SSC offers a variety of resources for students and faculty. Access to computers and limited printing is available. Copies of reference books, textbooks, access to course specific software, and access to tutors for all levels of math and writing are available in the SSC. Tutoring in other subjects is also offered. The SSC provides space for students to study in subject specific learning groups. Stop by or call the Student Success Center to request the most current tutor schedule (386-754-4382).

Fall & Spring Semester SSC Hours
Monday – Thursday: 8:00am – 7:30pm
Friday: 9:00am – 4:30pm
Saturday & Sunday: CLOSED

Summer Semester SSC Hours
Monday – Thursday: 7:30am – 5:30pm
Friday, Saturday, & Sunday: CLOSED

If you have any questions, you may contact the center by phone at 386-754-4479, 386-754-4382, or by emailing Kay Hogan at **kay.hogan@fgc.edu** (mailto:kay.hogan@fgc.edu) .

Resource Information

Florida Gateway College has partnered with **BetterMynd (https://www.bettermynd.com/students)** , an online therapy platform for college students, to offer our students access to free video-therapy sessions with their diverse network of licensed mental health counselors. Florida Gateway College students can now access free online therapy sessions on the BetterMynd platform with the counselor of their choice. These 50-minute, live video-sessions are private, confidential, and can take place from the convenience of your laptop, smartphone, or tablet. Sessions are available during the day, at night, and on the weekends.

- To register and get started with a counselor that's a good fit for you, **sign-up here (https://app.bettermynd.com/register)** .
- If you have any questions about these services, you can email BetterMynd at **students@bettermynd.com (mailto:students@bettermynd.com)** .
- If you are in the need of additional resources please contact the Director of Student Life, Amy Dekle, at **amy.dekle@fgc.edu (mailto:amy.dekle@fgc.edu)** , or by visiting Building 007.

Academic Appeal; Grievances; General Complaint

If a student wishes to file an academic appeal, grievance, or general complaint, please visit the college's website. Under the **Students and the Complaints & Appeals page (https://www.fgc.edu/students/complaints-and-appeals/)** , information regarding policy, procedure, and forms related to these topics is provided.

College Course Withdrawal and Drop Process

A course may be dropped only during the published add/drop period. After add/drop, students must withdrawal from their course. Please visit the **College Catalog (http://catalog.fgc.edu/content.php?catoid=21&navoid=1963#Drop_Withdrawal)** for more detailed information about the drop and withdrawal process.

Students are responsible for withdrawing by the published deadline. Students must allow sufficient time for the process to be completed. The fully approved withdrawal form is due to Registration & Records by 4:30 p.m. on the deadline posted on the **Academic Calendar (https://www.fgc.edu/academics/academic-calendar/)** or it is considered late.

To withdraw from a course, the following steps must take place:

1. The student will log into MyFGC and navigate to the Withdrawal form.
2. First, click the Student tab; next click Registration; and then click Course Withdrawal Form.
3. The student will enter course information, the instructor's email address, and the advisor's name and email address. Once all information is entered, submit the form.
4. The form then routes directly to the instructor for approval and the last date of attendance. Once the instructor has completed their portion, the form will route to the advisor.
5. The advisor will complete their portion of the form and submit.
6. The form then routes to Registration & Records for processing. The student will receive an email notification to their FGC Wolves email account once this step is completed.
7. If the form is denied, the student will be notified by email and should contact the advisor with any questions.

Students are strongly encouraged to begin the withdrawal process the day before the withdrawal deadline to allow sufficient time for the process to be completed by all offices involved (Instructor, Advising Services, Financial Aid, Registration & Records).

It is the student's responsibility to understand all financial and academic implications of the withdrawal. Students are permitted a maximum of two (2) withdrawals per course. Upon the third attempt, a student must receive a grade for the course. Absence from class or merely notifying the professor does not constitute withdrawal. A student who stops attending class without withdrawing will receive a grade from the instructor.

Incompletes

Incomplete grades are reserved for students who are unable to complete a course and the withdrawal date has passed. A student should only be issued an incomplete if at least 75% of the course assignments have been submitted and the student can reasonably complete the remaining assignments within the first three weeks of the next term to earn a passing overall grade. Otherwise, students should be issued the earned letter grade in the course at the end of the current term.

The Incomplete Grade Request Form must be completed and submitted for approval by the FIRST day of Final Exams and BEFORE issuing the "I" grade. The instructor will describe the circumstances leading up to the requested "I" for the course, and list the missing assignments, quizzes, exams, and any other course requirements needed to satisfactorily complete the course within the first three weeks of the next term. The form must be signed by the instructor, student, and the Dean/Executive Director over the program. Once all participants have signed, an approval email will be sent to the instructor for authorization to assign the "I" grade.

Academic Honesty

At Florida Gateway College, we value the development of critical thinking, effective communication, and academic growth. To ensure fairness and uphold the principles of academic integrity, any instances of academic dishonesty (i.e., cheating, plagiarism, bribery, misrepresentation, fabrication, unauthorized use of AI technologies, etc.) are not permitted and will be dealt with severely. Students should make themselves aware of the student code of conduct found in the Student Handbook. We believe in your ability to think critically and develop your own unique perspectives. By adhering to these guidelines and committing to the principles of academic integrity, you will not only enhance your learning experience, but also foster an environment of trust and respect within our academic community.

Use of AI Technologies

The use of AI technologies to generate or assist in the creation and completion of assignments is strictly prohibited, unless explicitly allowed by the instructor as described in the course syllabus. It is your responsibility to read this thoroughly and carefully at the beginning of the semester.

Your assignments should reflect your own thoughts, analysis, and original work. Florida Gateway College employs the use of AI detection tools to assess the authenticity of your assignments. These tools are designed to identify instances of cheating and plagiarism, including the use of AI technologies. Any submissions that violate this policy will be subject to disciplinary action. If you have any questions or concerns regarding the use of AI technologies in your courses, please review your course syllabus or reach out to your instructor for clarification.

Civil Rights and Compliance Statement

Florida Gateway College does not discriminate in education or employment related decisions on the basis of race, color, ethnicity, national origin, sex, religion, disability, age, marital status, genetic information, sexual orientation, pregnancy, or any other legally protected status in accordance with the law. The Civil Rights & Compliance Officer is Cassie Buckles, Associate Vice President of Human Resources, Building 001, Room 116, 149 SE College Place, Lake City, FL 32025, and may be reached at **cassandra.buckles@fgc.edu (mailto:cassandra.buckles@fgc.edu)** or by phone at 386-754-4313.

Student Communication Standards

You are expected to communicate in a professional and respectful tone with the instructor and fellow classmates. All written communication (in email correspondence, discussion forums, assignments, quizzes and exams, etc.) must use proper written English. Please refrain from using online and texting abbreviations and language. Oral communications, if applicable, must be made with a respectful tone and body language. Use proper **netiquette (https://fgc.instructure.com/courses/5602/pages/netiquette)** throughout!

Disability Statement

The Office of Accessibility Services (OAS) is a resource for both students with disabilities as well as faculty. Students with disabilities in need of academic accommodations must first be registered with the OAS to verify the disability, establish eligibility, and determine reasonable academic accommodations.

After registering with the OAS, students must request their academic accommodation letters be sent to them each semester to share with their instructors. Upon receipt of the letter, the instructor will be available during office hours or via email to discuss the accommodations a student will need during the course.

Students with disabilities who are not registered with the OAS or faculty who may have questions or concerns regarding an accommodation, please contact the office at the following:

In-Person: Building 014, Academic Advising
Phone: (386) 754-4393
Email: **Accessibility.Services@fgc.edu (mailto:Accessibility.Services@fgc.edu)**

FERPA Statement

The Family Educational Rights and Privacy Act (FERPA) provides certain privacy rights to students related to educational records. This information can be found in the College Catalog, at the Registration & Records Office in Building 015 or **on the Florida Gateway College website (http://www.fgc.edu/students/registration-and-records/ferpa/)** .

SACSCOC Statement

Florida Gateway College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award baccalaureate and associate degrees. Florida Gateway College also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of Florida Gateway College may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on **SACSCOC's website (http://www.sacscoc.org/)** .

Honorlock Statement

Florida Gateway College has partnered with Honorlock, an online testing proctoring service. If off-campus remote proctoring is required during any course, Honorlock will be the online proctoring service that allows you to take your exam. You DO NOT need to create an account, download software or schedule an appointment in advance. Honorlock is available 24/7 and all that is needed is a computer, a working webcam, and a stable Internet connection.

To get started, you will need to download the Honorlock Chrome Extension using Google Chrome. You can **download the extension on the Honorlock website (http://www.honorlock.com/install/extension/)** . When you are ready to test, log into the LMS, go to your course, and click on your exam. Clicking Launch Proctoring will begin the Honorlock authentication process, where you will take a picture of yourself, show your ID, and complete a scan of your room. Honorlock will be recording your exam session by webcam as well as recording your screen. Honorlock also has an integrity algorithm that can detect search-engine use, so please do not attempt to search for answers, even if it's on a secondary device.

Honorlock support is available 24/7/365. If you encounter any issues, you may contact Honorlock by live chat, by phone at 844-243-2500, and/or by email at **support@honorlock.com (mailto:support@honorlock.com)** . If you encounter a Canvas issue, please contact Canvas via the Canvas Help menu or by clicking the Canvas Support link within your course(s).

Turnitin Statement

Instructors may require writing assignments to be submitted to Turnitin when uploaded to Canvas. Turnitin is an internet-based service that looks for similarities and potential plagiarism by comparing your assignment submissions with its massive database of student work (including previous student submissions at Florida Gateway College), the Internet, and its entire archive, books, and journal and reference publications. Turnitin generates a **similarity report (https://nam12.safelinks.protection.outlook.com/?url=https%3A%2F%2Fhelp.turnitin.com%2Ffeedback-studio%2Fcanvas%2Fplagiarism-framework%2Fstudent%2Fthe-similarity-report%2Faccessing-the-similarity-report.htm&data=05%7C02%7CMatthew.Peace%40fgc.edu%7C864d3e3aba9d41fcf77108dc2f1289c4%7C997282f8693542d58c5a69e9a71596d3%7C0%7C0%7C638437003913914602%7CUnknown%7CTWFpbGZs** , which can help you and your instructor determine whether you used sources fairly and ethically, cited correctly, and paraphrased effectively.

You are encouraged to submit your written work to Turnitin prior to assignment deadlines, whether through Canvas or **Draft Coach (https://nam12.safelinks.protection.outlook.com/?url=https%3A%2F%2Fhelp.turnitin.com%2Fintegrity%2Fstudent%2Fdraft-coach%2Fusing-draft-coach.htm&data=05%7C02%7CMatthew.Peace%40fgc.edu%7C864d3e3aba9d41fcf77108dc2f1289c4%7C997282f8693542d58c5a69e9a71596d3%7C0%7C0%7C638437003913923097%7CUnknown%7CTWFpbGZs** . If needed, that would allow you time to review the **library's research and help guides (https://nam12.safelinks.protection.outlook.com/?url=https%3A%2F%2Ffgc.libguides.com%2Fresearchhelpguides&data=05%7C02%7CMatthew.Peace%40fgc.edu%7C864d3e3aba9d41fcf77108dc2f1289c4%7C997282f8693542d58c5a69e9a71596d3%7C0%7C0%7** or seek writing assistance from your instructor or a tutor in the Student Success Center.

Mission Statement

The mission of Florida Gateway College is to provide superior instruction, nurture individual development, foster career readiness, and enrich the diverse communities it serves through affordable, quality higher education programs and lifelong learning opportunities.

Course Summary:

Date	Details	Due
Sun Aug 23, 2026	Honorlock Practice Exam (https://fgc.instructure.com/courses/23434/assignments/794009)	due by 11:59pm
Fri Oct 16, 2026	First Task- Email to Professor (https://fgc.instructure.com/courses/23434/assignments/794026)	due by 11:59pm
	Ch(s). 21 & 22 Readings (https://fgc.instructure.com/courses/23434/assignments/794301)	due by 11:59pm
	Ch. 20 Reading (https://fgc.instructure.com/courses/23434/assignments/794299)	due by 11:59pm
Sun Oct 18, 2026	Homework 1 (Chapter 20 - 22) (https://fgc.instructure.com/courses/23434/assignments/794316)	due by 11:59pm
	Lab 1: Bacterial Diversity (https://fgc.instructure.com/courses/23434/assignments/794312)	due by 11:59pm
	Lab 2 - Microbial Diversity (https://fgc.instructure.com/courses/23434/assignments/794313)	due by 11:59pm
Fri Oct 23, 2026	Unit Exam 1 (Ch 20-22)_ (https://fgc.instructure.com/courses/23434/assignments/795269)	due by 11:59pm
Sun Oct 25, 2026	Ch 25 Reading (https://fgc.instructure.com/courses/23434/assignments/794295)	due by 11:59pm
	Chs. 23 & 24 Readings (https://fgc.instructure.com/courses/23434/assignments/794297)	due by 11:59pm
	Chs. 26 & 27 Readings (https://fgc.instructure.com/courses/23434/assignments/794304)	due by 11:59pm
	Homework 2 (Ch 23 - 27) (https://fgc.instructure.com/courses/23434/assignments/794291)	due by 11:59pm
	Lab 3 - Plants (https://fgc.instructure.com/courses/23434/assignments/794309)	due by 11:59pm
Fri Oct 30, 2026	Unit 2 Exam (Ch 23-27) (https://fgc.instructure.com/courses/23434/assignments/794004)	due by 11:59pm
Sun Nov 1, 2026	Ch. 28 - 30 readings (https://fgc.instructure.com/courses/23434/assignments/794302)	due by 11:59pm
	Homework 3 (Ch 28 - 30) (https://fgc.instructure.com/courses/23434/assignments/794290)	due by 11:59pm
	Lab 4 - Animalia - Invertebrate (https://fgc.instructure.com/courses/23434/assignments/794311)	due by 11:59pm
Fri Nov 6, 2026	Unit 3 Exam (Ch 28-30) (https://fgc.instructure.com/courses/23434/assignments/794010)	due by 11:59pm
Sun Nov 22, 2026	Ch(s) 31 & 32 Readings (https://fgc.instructure.com/courses/23434/assignments/794303)	due by 11:59pm
	Ch(s) 33 & 34 Readings (https://fgc.instructure.com/courses/23434/assignments/794288)	due by 11:59pm
	Ch(s) 35 & 36 Readings (https://fgc.instructure.com/courses/23434/assignments/794300)	due by 11:59pm
	Ch(s) 37 & 38 Readings (https://fgc.instructure.com/courses/23434/assignments/794296)	due by 11:59pm
	Ch(s) 39 & 40 Readings (https://fgc.instructure.com/courses/23434/assignments/794306)	due by 11:59pm
	Ch(s) 41-43 Readings (https://fgc.instructure.com/courses/23434/assignments/794307)	due by 11:59pm
	Homework 4 (Ch 31 - 43) (https://fgc.instructure.com/courses/23434/assignments/794289)	due by 11:59pm
	Lab 5 - Cardiovascular System (https://fgc.instructure.com/courses/23434/assignments/794308)	due by 11:59pm
	Lab 6 - Innate Immune System (https://fgc.instructure.com/courses/23434/assignments/794315)	due by 11:59pm
	Lab 7 - Respiratory System (https://fgc.instructure.com/courses/23434/assignments/794317)	due by 11:59pm

Date	Details	Due
	Lab 8 - Nervous System (https://fgc.instructure.com/courses/23434/assignments/794314)	due by 11:59pm
Tue Nov 24, 2026	Unit 4 Exam (Ch 31-43) (https://fgc.instructure.com/courses/23434/assignments/794005)	due by 11:59pm
Sun Nov 29, 2026	Ch(s) 44 & 45 Readings (https://fgc.instructure.com/courses/23434/assignments/794298)	due by 11:59pm
	Ch(s) 46 & 47 Readings (https://fgc.instructure.com/courses/23434/assignments/794305)	due by 11:59pm
	Homework 5 (Ch 44 - 47) (https://fgc.instructure.com/courses/23434/assignments/794293)	due by 11:59pm
	Lab 10 - Ecosystems (https://fgc.instructure.com/courses/23434/assignments/794310)	due by 11:59pm
	Lab 9 - Population Biology (https://fgc.instructure.com/courses/23434/assignments/794292)	due by 11:59pm
Mon Nov 30, 2026	Project (https://fgc.instructure.com/courses/23434/assignments/794040)	due by 11:59pm
Fri Dec 4, 2026	Unit 5 Exam (Ch 44-47) (https://fgc.instructure.com/courses/23434/assignments/794006)	due by 11:59pm
